

LWFC-AC1400 Series

Product Characteristic

- Motor Type: AC Motor
- Material: Galvanised sheet steel
- Operation mode: S1
- Mounting position: Any position
- Amb.Temp: -25 ℃ ~ +60 ℃
- Bearings: Maintenance-free ball bearings
- Application: Central Air-Conditioning Unit, Ventilation Equipments, etc
- Protection: Blocked rotation, thermal protection, high and low pressure protection

Technical Specifications

Model	Voltage (V)	Frequency (Hz)	Speed (RPM)	Power (W)	Air Flow (m³/h)	Pressure (Pa)
LWFC-AC1400S-01L	220	50	/	100	2380	12
LWFC-AC1400S-01M	220	50	/	120	2380	30
LWFC-AC1400S-01H	220	50	/	160	2380	50
