

LWFE-250 Serise

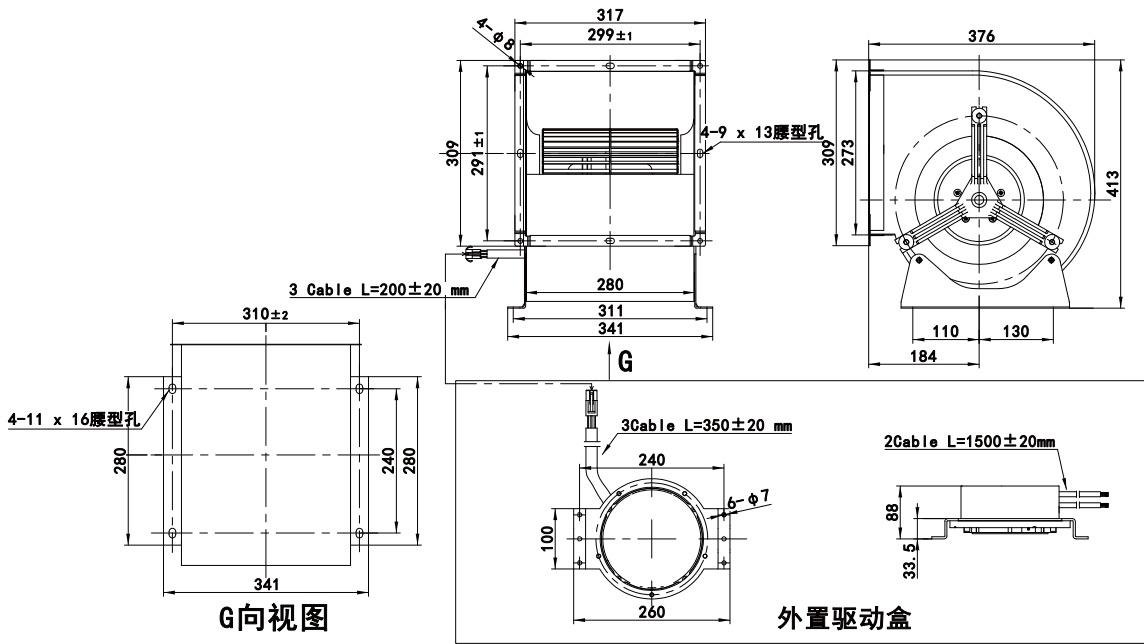

Product Characteristic

- Material : Metal
- Bearing: Maintenance-free ball bearings
- Mode of Operation: S1
- Type of Protection: IP44
- Insulation Class: F
- Operation Temperature: -25 C ~ +60 C

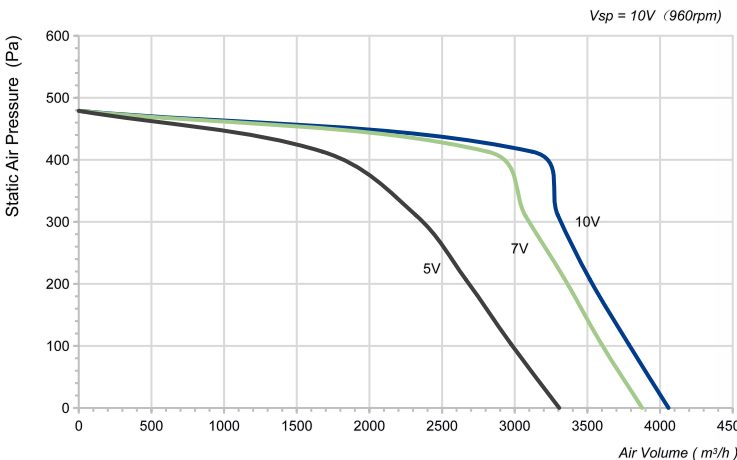

Technical Specifications

Model	Voltage (V)	Frequency (Hz)	Power (W)	Current (A)	Speed (RPM)	Air Flow (m³/h)	Air Pressure (Pa)	Noise [dB(A)]	Curve
LWFE3G250-138DS-01	380	50/60	655	1.2	920	3811	742	74	/

LWFE-250 Serise

Product Characteristic

- Material : Metal
- Bearing: Maintenance-free ball bearings
- Mode of Operation: S1
- Type of Protection: IP44
- Insulation Class: B
- Operation Temperature: -20 C ~ +60 C

Technical Specifications

Model	Voltage (V)	Frequency (Hz)	Power (W)	Current (A)	Speed (RPM)	Air Flow (m³/h)	Air Pressure (Pa)	Noise [dB(A)]	Curve
LWFE3G250-138DS-02	230	50/60	750	3.5	960	4058	479	75	/
