

Axialventilator Typ AKFD / Axial Fan type AKFD
Baugröße / Size: 630

- stufenlos steuerbar
• geringe Bautiefe
• in allen Einbaulagen einsetzbar
• profilierte Aluminium-Druckgußflügel
• verbessertes Geräuschverhalten durch optimierte Flügelgeometrie
• continuously controllable
• low installation depth
• can be installed in any position
• shaped blades made of aluminium
• improved acoustic performance due to an optimized blade-design

Technische Daten / Technical Data:

Table with 14 columns: Ventilartyp / Fan Type, U [V], f [Hz], P [kW], I\_N / FLA [A], n [min^-1] / [rpm], C [μF], t\_R [°F], t\_R [°C], ΔI [%], I\_s/I\_n, IP, and a star icon. It lists specifications for five different AKFD 630-4 G.6LA fan models.

Geräusche / Sound levels:

Table showing sound level data (LWA5 [dB(A)]) for different frequencies (125, 250, 500, 1K, 2K, 4K, 8K Hz) at V=0.5\*Vmax.

Diagram section titled 'Bauform / Construction' and 'Förderrichtung / Air flow direction' showing 8 different fan configurations (A and V types) with arrows indicating flow direction.

Detaillierte Zeichnungen zu den jeweiligen Bauformen finden Sie aktuell in unserem Ventilatoren-Auswahlprogramm RoVent / Detailed drawings of the respective constructions can be found up-to-date in our fan selection program RoVent
