

Axialventilator Typ AKFD / Axial Fan type AKFD
Baugröße / Size: 710

- stufenlos steuerbar
• geringe Bautiefe
• in allen Einbaulagen einsetzbar
• profilierte Aluminium-Druckgußflügel
• verbessertes Geräuschverhalten durch optimierte Flügelgeometrie
• continuously controllable
• low installation depth
• can be installed in any position
• shaped blades made of aluminium
• improved acoustic performance due to an optimized blade-design

Technische Daten / Technical Data:

Table with 14 columns: Ventilartyp / Fan Type, U [V], f [Hz], P [kW], IN / FLA [A], n [min-1] / [rpm], C [μF], tr [°F], tr [°C], ΔI [%], Ia/In, and safety symbols. It lists specifications for five different AKFD 710-8-8 N.6LA fan configurations.

Geräusche / Sound levels:

Table showing sound level data (LWA5 [dB(A)]) for different frequency ranges (125, 250, 500, 1K, 2K, 4K, 8K Hz) at V=0.5*Vmax.

Table showing construction types (Bauform / Construction) and air flow directions (Förderrichtung / Air flow direction) for different fan models, with diagrams and checkboxes.

Detaillierte Zeichnungen zu den jeweiligen Bauformen finden Sie aktuell in unserem Ventilatoren-Auswahlprogramm RoVent / Detailed drawings of the respective constructions can be found up-to-date in our fan selection program RoVent
